
HARTCO CONSULTANCY

Independent Art Advisory & Collector Services

Independent guidance for collectors acquiring, managing and
developing contemporary art collections.

OVER 32 YEARS COMBINED EXPERIENCE · CONTEMPORARY ART

ABOUT HARTCO CONSULTANCY

Great collections are built on guidance, access and long-term support.

Hartco Consultancy is an independent art advisory, sourcing and supplying original contemporary artwork for private collectors. Unlike a traditional gallery, we are not tied to a single gallery roster or our own inventory — we source works from trusted galleries, dealers, publishers, auction houses and private collections to identify opportunities tailored to each client.

Whether you are making a first acquisition or developing an established collection, our advisers provide discreet, highly personalised support at every stage of your collecting journey.
